

# Red Gold Healthy Holiday Cooking School a Success

Here at Red Gold, the holiday season kicks off with our annual holiday cooking school. This was the third year for the Red Gold sponsored event which was presented on November 8.

All proceeds from ticket sales went to the Madison County 4-H Association. The money raised will help the association provide programs to enhance the quality of life for the youth of our community. About 400 people took part in the school this year. The event was so well attended we were able to raise around \$3,550 for 4-H.

Those in attendance were treated to a great evening with Masters of Ceremony Paul Potteet, WRTV6 Weatherman and Matt Rust, WQME Radio Personality, as well as presenters Chef Amanda Riggen from the Art Institute Culinary School, Randy Good from Good's Candy and 4-H student Lindsey Kardatske with her holiday crafts.
